

Dear Sir

As the baseball season is drawing near, I felt you would be expecting to hear from me. I am still planning to come to your City and play ~~a game~~ during.

I will appreciate having you send me a schedule of your league team as soon as it is released. I cannot plan the game until I know what day the park is available.

I am sure it will interest you to know I am planning at this time to have Satchel Paige with the team.

I will write you soon again, in the meantime please send me the schedule -
Very Truly Yours
